Initial Property held by two persons jointly, with equal rights to possession and enjoyment during their lives. Under the doctrine of survivorship, the entire estate, upon the death of one of the joint tenants, goes to the survivor without the need to probate the descendant's estate. PLEASE NOTE: There is **NO FEE** for a home site located within
AREA 4 - Community Development Zones

* PLEASE MAKE MONEY ORDER OR CASHIER'S CHECK PAYABLE TO **NAVAJO NATION** *

Data Request- Request for data on the occurrence/potential occurrence of species of concern. "Species of concern" include legally protected species, as well as other rare or sensitive species. Data Requests typically are for potential development projects on the Navajo Nation, and NNHP responses identify species of concern which are known to occur or have potential to occur on or near the project site. This information is intended for use in planning biological surveys and preparing biological evaluations.

Each HSL submitted to NNHP must have a completed NESL Request Form for Biological Resource Clearance attached & should include the following (forms can be obtained from HSL offices or NNHP):

- 7.5-Minute USGS Topographic map with the home site location indicated & labeled clearly with the UTM/GPS coordinates (MANDATORY)
- Copy of the Archeology Inventory Report and/or HPD Compliance Form
- Satellite images
- Land Survey Plat (if available)
- Money order or cashier's check for \$32.50 made payable to **NAVAJO NATION**

Standard responses for home site leases will be mailed and consists of a Biological Resources Compliance Form (BRCF) from the NNDFW signed by the Department Director. The BRCF needs to be signed and dated at bottom of the page by the representative (leasee) and submitted to their Agency Land Department Homesite Lease Office. Please make copy for your files.

In **most** cases HSL sites can be reviewed by geographical maps and digital satellite images and may not require a site visit. However, upon completion of initial review if species/habitat issues should arise NNHP staff will conduct an on-site visit. If species should require surveys and additional instructions a memo will be attached to the BRCF.
